It is generally possible to ship cattle in groups from these sales most of the way to their destinations.

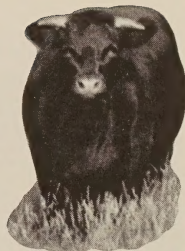

The members of the Chicagoland Shorthorn Club are well aware of the privilege and the obligation that goes with becoming the second day sale of the traditional June week series. For a third of a century breeders from every corner of North America have made this trip an annual affair. In doing so, they have been able to keep abreast of the progress being made in the famous herds of this area. They have seen first hand the great stock bulls, and have an actual knowledge of these cattle that are influencing the breed in every region.

Within two weeks of the time the Edellyn Dispersion was announced, over a year ago, this sale was planned. The most important consideration in all of our discussions was that we send you home this year feeling that more top cattle than ever were being offered in the two days of sales. With over 500 of the best cows of the breed in the pastures of our members, there was no question about our capability to accomplish this. Every member co-operated by putting in the ones the sale committee wanted. To avoid any chance that mediocre entries would be included . . . not one . . . but two inspections were made, once in December, one in April just before this catalog went to press.

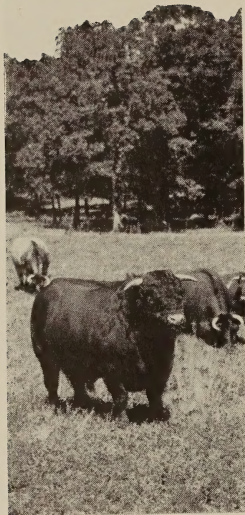

Many of the visitors to these sales have used this trip as an occasion to make a personal visit to the various herds. We hope as many of you as can will take the little bit of extra time necessary to visit our farms. They are located within reasonable distance of each other.

We're looking forward to seeing all of you.

Fontana Clipper Clove — Out of the Grand Champion Female 1956 National Western Livestock Show, Denver. Bred to Glastullich Crusader.

Great breeding cattle can come only from outstanding cows. This scene, taken at Kickapoo Farms, shows the kind of brood cows that you will find in the herds of every member of the Chicagoland Shorthorn Club. You can buy in this sale with confidence that the cattle behind your purchases have the quality and breeding to assure success.

The largest consignment to this sale comes from the Fontana herd, owned by Joseph Zuro, Fontana, Wisconsin. This picture shows their junior herd sire, Glastullich Crusader, and a group of the Phopachy Maestro daughters sold in the fall Chicagoland sale. Their consignment to this sale of 17 females and two bulls is one of the strongest ever from one farm.

Fontana Golden Drop 2nd. Sold in the fall Chicagoland sale for \$650 to Shag-Bark Farm, Alexandria, Ky. She is a full sister to Lot 22, Fontana Golden Drop 5th.

Fontana Golden Drop 5th — A full sister to a heifer purchased in the fall Chicagoland sale by Shag-Bark Farms, Alexandria, Ky. for \$650. The granddam was purchased in the Campbell sale for \$1,500. The dam is a half sister to Penn State's grand champion bull at the 1958 Eastern National. Open.

Left, a group of the cows in the Joseph Zuro herd, Fontana, Wisconsin. The bull is Glastullich Crusader.

Below, Orchard Crocus 4th by Cuggleton Brunel. \$3,200 top selling female, 1953 Gardhouse sale in Canada. Typical of the great imported cows in the Fontana herd. Lot 24, Fontana Crocus 3rd is out of this cow.

The Fontana herd consignment of nineteen head in this sale is one of the strongest ever to leave one farm at one time. The Zuro herd today is unquestionably one of the best in the business.

A careful study of the dams of their entries provides an insight of how this herd was formed. First, they purchased the very tops sold in the leading sales in North America . . . Campbell, Gardhouse, Marellbar, Edellyn . . . with particular stress to the finest imported background. Then, Mr. Zuro made a personal trip to Scotland and selected a group of outstanding females at an average cost of \$2,000. Their two herd sires, Phopachy Maestro and Glastullich Crusader, were both purchased at high figures in the Perth sales. Both are out of Kirkton Baronet dams.
